ABOUT US

Indian Car Rental provides Car Rental services across India. At Indian Car Rentals everything we do is about giving you the freedom to discover more. We'll move mountains to find you the right rental car and bring you a smooth, hassle-free experience from start to finish. Here you can find out more about how we work.

We always look forward to having the best car rental experience for our customers. Due to the pandemic and this situation we ensure that customers should get a well sanitized car for the journey and they should also be in good condition to have hassle free travel experience. Journey is all about a great experience for this. Making sure you have a great experience every time you rent a car makes us happy. We make sure that the car is comfortable for the customers and cars need be neat and clean.

Indian Car Rental has a variety of cars. Choose which one you want from your favourite car. Being in a competitive market we provide as much as cheap fares with great services to the services. We are way more than a price comparison site, because we stay with you every step of the way. Having a well mannered, polite and profession oriented driver for your car is cherry on cake for your ride. A driver is able to speak and understand the languages including english so the customer will don't have a language barrier from the driver. Driver with good knowledge of driving and his experience is always way ahead. He knows about his surroundings and though which route he is travelling with you. He knows all the rules circulated by the regional transport office.
